Fall 2018 Week 5 October 15

Hello League Shooters,

For Week 5 on October 19, we had 35 competitors shooting 44 matches. The Pistol League Standings are at the bottom of the newsletter.

**Make-Ups**

Eligible make-up shooters for Week 5 are:

Week 5 Make Up Matches		
Small	Medium	Large
Rick Boland	Rick Boland	Rick Boland
Matt Jones	Matt Jones	
	Dustin Brown	

The make-up date for this match is **Monday, October 22** following the last relay of the regular match. **If you do not shoot the make-up on this date, you will forfeit the match.**

**Week 6 COF**

Next week introduces one of the techniques we will be using extensively in the second half of the season. In this COF, you will be firing one round at a time and have three seconds to do it. **50 rounds of ammo will be required.** [Click here to see the course of fire link for details.](#)

**Week 5 Results**

**Course of Fire**

This COF featured two different targets and introduced emergency reloading on the clock. Timing was controlled by the programmable spotlights. The first target was a silhouette which was fired in six 6-round sets. In each set the shooter loaded 3 rounds in each of two magazines. At the commence fir command, the shooter fired 3 rounds at the torso area of the target, reloaded with the second magazine and fired 3 rounds at the head area. The target was placed at 30, 21 and 15 feet, and the shooter was given 20, 20 and 15 seconds respectively to empty both magazines.

The second target was a 5-bullseye fired at 21 feet in two sets of ten rounds. For each set, both magazines were loaded with five rounds and shooters had 25 seconds to fire two rounds at each bullseye, reloading with the second magazine as necessary. The shooter could choose to engage the bullseyes singly or two rounds at a time in any sequence. Here are the results:

Week 5 Averages by Target					
	Small	Medium	Large	Overall	
<b>Target 1</b>	280	277	277	278	<b>77%</b>
<b>Target 2</b>	110	96	122	105	<b>52%</b>
<b>Total</b>	<b>390</b>	<b>373</b>	<b>399</b>	<b>383</b>	
<b>%</b>	<b>70%</b>	<b>67%</b>	<b>71%</b>	<b>68%</b>	

Scores on Target 1 were very good. Most shooters managed to perform the reload effectively at 30 and 20 seconds, but some had trouble at 15 seconds as evidenced by the number of post-cease-fire shots. Unlike prior seasons, almost everyone fell apart on Target 2. Overall averages or usually in the md-high 60%, but this time we only managed just above 50%.

**Weekly Top Scorers**

Congratulations to our top scorers. No perfect scores or targets, but a couple of new names on the list.

<b>Week 5 High Scores</b>

**Individual Competition**

The league standings (pending make-ups) are on the last page.

**Small Caliber:** Gerry Gebhart is holding his lead in Class I while Gary Rexroad's top score of 470 put him in a tie with Terry Jones for second. In Class II, Darrell Weakly, Dennis Rexroad and Tim Pease are neck and neck for first place.

**Medium Caliber:** Nancy Penwell is 210 points ahead of her nearest competitor, Chris Vail. Still catchable, but it will be difficult.

**Large Caliber:** Dennis Rexroad had ammo problems resulting in a disastrous 305 for the match. Nancy Penwell has a comfortable 400-point lead. We lost some members since Week 4, two of them in Large Caliber leaving it with only shooters. As a result, there is only one Class.
