## The Bullet Trap Practical Shooting Adventure Crowded Dimly Lit Room Course of Fire for October 27, 2025

This COF is an ammo saver with only 4 targets and NO mag change. BUT there are 8 no-shoots and poor lighting, so plenty of opportunities to screw up.

## Stage 1, 2, and 3

All 3 Stages will start in the center and engage the targets in any order. Starting with Hands at sides. No required magazine change. Lights will be dimmed at starting beep.
